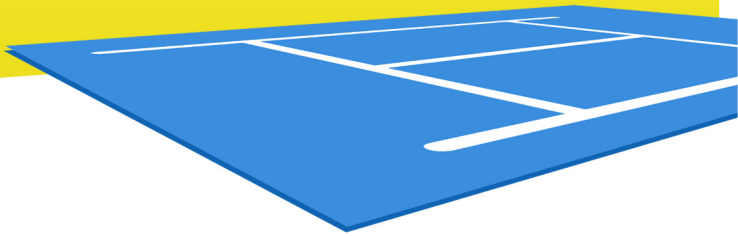
NET GENERATION™ SCHOOLS

# TEACH THE SPORT FOR LIFE

As a central part of thriving communities, teachers always look for new ways to bring subjects to life for students. With Net Generation, the USTA is committed to helping teachers introduce tennis in PE classes and connect to after-school programs.

Net Generation encourages kids to become engaged and challenge themselves with a new standard of play. The easy-to- follow curriculum helps teachers shape the game for individuals, so they can advance at their own pace. More importantly, it uses tennis as a pathway to personal development beyond the court.



## RESOURCES AND PROGRAMS

Net Generation lesson plans were co-created by the USTA and SHAPE America, the leading body for setting physical education standards in the U.S. As a result, every activity within every single lesson meets SHAPE America National Standards and Grade Level Outcomes for K-12 Physical Education. The easy-to- follow teaching tools make it easy to teach and play tennis in all school settings. Easily accessible manuals help teachers guide students at every stage of development.

# THE BENEFITS

We give you everything you need to start and maintain tennis in your PE class:

- Schools with a school partner will receive an equipment starter kit including racquets, balls, rolls of tape, chalk and a large roller bag
- Digital communications providing new program information, and support to build Net Generation in your school
- In-person training available through the local USTA section
- Hard copies and online versions of Net Generation School Tennis curriculum created by the USTA and SHAPE America to help build lessons and continue education
- Net Generation Schools newsletter sharing best practices and success stories of Net Generation school tennis

# THE REQUIREMENTS

**STEP 1** Participating PE teachers will register for a USTA account with their school email address*

**STEP 2** Add a school PE class to your profile

**STEP 3** To be eligible for an equipment starter kit, schools must sign an agreement with a school partner to be approved by the USTA section

**STEP 4** Within 18 months of registering, teachers must complete their training in-person

*If you already have a Net Generation account you will use the same login for USTA.com.
