

FREEBIE

Halloween Games!

(K to 5th Grade)

Fun games and activities that promote physical activity for elementary students.

By Patty Kimbrell, M.Ed.

©2017, Kimbrell, Inc.

Included in the unit is the exclusive song, "Ghost and Goblins Jive Freeze!"

Welcome to Halloween Games!

This unit was created to increase higher levels of physical activity for elementary students. The goal is to increase everyone's heart rate for a little **MVPA** (moderate-to-vigorous physical activity) during the witching season!

- ✓ Explore the games and activities included in this unit – don't forget to download the music for the "Ghost and Goblins Jive Freeze!"
- ✓ You know your students best, modify the activities to meet their needs.
- ✓ Include everyone, no one sits out waiting to play!

Included in this unit:

♪ "Ghost and Goblin Jive Freeze!"

The Ghost Collector Relay

Ghost and Goblins Tag

Grab the Witch's Hat

Guess the Halloween Number Game

Ghosts And Goblins Jive Freeze

Let's start and
stop to the
music!

Oooooo....fun!

“Ghosts And Goblins Jive Freeze!”

Activity Goal:

To move, listen and respond to starting and stopping cues in a song, using a variety of locomotor skills – walking, jogging, tip-toeing, jumping, hopping, galloping, skipping, side-sliding, leaping, etc.

Equipment needs and Set up:

- ◆ Use four cones to make a big square on the grass or blacktop area, this indicates the play area boundaries.
- ◆ Music player and song “*Ghost and Goblins Jive Freeze!*”

Getting the Activity Going:

- ◆ Begin walking in open space until FREEZE cue is given (teacher yells, “Freeze”).
- ◆ Ask students - What does FREEZE mean?

To stop and not move.

- ◆ Explain how the song will have starting and stopping prompts.
- ◆ After each FREEZE, students can be prompted to move in different ways. (See sample prompts on next page.)

Variation:

Prompt students to create additional ways to move.

Safety:

- ◆ Move safely in play area – no crashing into others!
- ◆ Ensure space is free of obstacles.

Ghosts And Goblins Jive Freeze

Sample Prompts:

- Walk** like a zombie
- Gallop** away from a witch on a broomstick
- Skip** like a ghost
- Side-slide** like a goblin

- Tip-toe** like a ghoul
- Run** away from spooky ghosts
- Leap** over a ghastly spider
- Jump** up high to swat a bat

Lyrics:

Ghost and Goblins
everywhere.

Looking, searching
for a scare.

Traveling quickly
in the night.

If they catch you,
Oh, the fright!

Sound cues:

- Witch cackles
- Chains rattling
- Wolf howling
- Evil laugh
- Wind blowing
- Spooky organ

Pathways are lines on which students can travel. They can be chalk lines, tape lines on carpet, or imaginary line. For instance, travel on a curvy line on the blacktop/grass/floor.

Straight

Zigzag

Curvy

Levels indicate where students at which height they will move. A high level means hands are up over the head. A medium level is chest height. A low level means students lower their body to move by bending their knees.

High

Medium

Low

The Ghost Collector Relay

Variation:

⇒ K's may have difficulty with this game, fewer hoop lines are suggested with adults helping K's wait in line and when it is their turn to go.

⇒ **Math Integration:** For older students, assign point values to the different colored items. Keep track of scores - back in the classroom use the data to calculate math averages.

How to Make a Felt Witch's Hat

Supplies:

- Felt (use whatever colors you like)
- Witch's hat template – see **Witch's Hat Template** in this section
- Cotton balls
- Scissors – if children are helping, supervision is a must!
- Tacky Glue (it works great with felt)
- Puffy Paints or Sharpies to decorate hat

Directions:

Step 1:

Make a witch's hat template out of cardstock to guide your cutting (see template in this section). You can make the hat any size you like.

Fold felt square in half, place witch's hat template on the fold of the felt and cut out. Cut out two sides.

Step 2:

Use Tacky Glue and glue around the inside edge of one hat.

Take one cotton ball and gently pull it apart, lay the separate cotton ball on the other side of the hat, stay away from the edges.

Guess the Halloween Number!

Objective: To integrate math and cardiovascular fitness in the classroom.

Materials:

- ♦ Silly number cards - duplicate cards on cardstock or laminate for more durability

Preparation: Choose one student volunteer who stands in front of the class, the rest of the class stands facing the “Guesser”.

Age-Appropriateness:

- For Kindergarten, keep the number under 10 or 25.
- For 1st and 2nd graders, keep the number under 100.
- For older grades, any number keeps them guessing!

➡ **Math Integration:** Use some of the numbers created and guessed to review place value.

Notes from Patty:

Thank you for checking out my Freebie, "Halloween Game Unit"! I hope you like the preview and want to purchase the complete unit so you and your students can have a ghoulishly fun time in October!

Check out additional lessons/units I have created at my TPT store. I have a variety of units/lessons/activities that promote physical activity, motor development and content integration for Pre-K through 5th grades.

If you have any suggestions, edits or questions, please email me at PattyKimbrellMEd@gmail.com, I would be thrilled to hear from you.

Have a fun and fit day! **Patty**
